

# NHS Waiting Lists

## *Are You On The List?*

**Are you one of the 826,300\* patients nationwide that are waiting for a consultant appointment or inpatient procedure?**

In particular are you suffering with a condition affecting your muscles or bones? Maybe a sports injury? Maybe back or neck pain? Maybe headaches?

### **If so it is possible that Tamworth Chiropractic Clinic may be able to help.**

Our chiropractors are skilled in the diagnosis and treatment of conditions affecting the musculo-skeletal system.

We have appointments usually available the same day that will provide you with a comprehensive case history, examination, report of findings and treatment, which may just be able to get you off that waiting list.

For more information check our website at [www.tamworthchiropractic.co.uk](http://www.tamworthchiropractic.co.uk) or contact the address below.

Not sure if we can help? Then benefit from one of our free assessment vouchers – which allow a complimentary discussion with one of our chiropractors to see if we can help.
